

Make your own sparkly microphone

....so you can dance around the house singing your favourite Motown tunes!

Materials

- Toilet Roll tube
- Newspaper
- Sticky Tape
- Aluminium foil
- A piece of string or wool (approx. 30cm)
- A piece of coloured card or paper
- Stickers, gems, sequins, glitter, pens etc, anything to decorate your microphone

Step 1

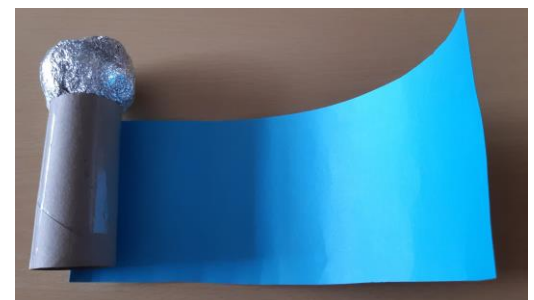

Step 1: Wrap some newspaper into a tight ball, and secure it with some sticky tape, to keep it nice & tight.

Step 2

Step 2: Wrap some tinfoil around the paper ball. The attach the foil ball to your toilet roll tube with sticky tape (or you can use glue if you have the appropriate glue).

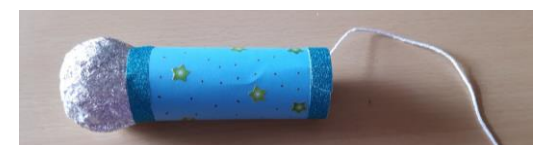

Step 3: Wrap your coloured card or paper around the toilet roll tube and secure with tape.

Step 3

Step 4: Tape the piece of string inside the card tube (this is what "sends" the audio signal).

Step 5: Decorate your microphone handle using stickers, gems, sequins, pens etc – The more sparkles the better!

step 4
